

Owego - The Tioga County Agricultural Resource Group is pleased to issue Tioga County 's first Agricultural Resource Directory. In it you can find a wealth of information on the status of agriculture, technical assistance, financial resources, and businesses that service our agricultural industry.

Agriculture is one of the leading economic sectors in New York State, and a significant contributor to the economy of Tioga County. This resource is meant to help guide you through some of the agribusiness assistance programs available to farmers. Some of the services and resources offered by agencies identified in this publication are free, while others have costs associated with them.

“Profitable farming will always be the most effective means of maintaining and protecting farmland,” said Andy Fagan, Executive Director of Cornell Cooperative Extension in Tioga County. *“We hope that both new and experienced farmers will find this directory valuable in aiding to grow their agricultural businesses.”*

For a copy of the new directory, call Cornell Cooperative Extension at 607-687-4020 or stop by their office at 56 Main Street, Owego. # # #
